The RFSAP will evaluate new information on gag biology that was presented to the Council during its

development of the revised Regulatory Amendment to Set 1999 Gag/Black Grouper Management Measures. This new information includes reports prepared by Dr. Chris Koenig (Florida State University, Dr. Robert Chapman (South Carolina Department of Natural Resources), and other academic and state scientists; plus an evaluation and response to the analyses prepared for Southeastern Fisheries Association by Dr. Trevor Kenchington (Gadus Associates) and other independent scientists retained by Dr. Kenchington. A review of these materials was originally scheduled to be conducted during a September 20-24, 1999 meeting of the RFSAP, but was deferred due to time constraints. The RFSAP is composed of biologists who are trained in the specialized field of population dynamics. A copy of the agenda can be obtained by contacting the Council (see ADDRESSES).

Although non-emergency issues not contained in this agenda may come before the RFSAP for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Actions of the RFSAP will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take action to address the emergency.

#### Special Accommodations

The listening stations are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Anne Alford at the Council (see ADDRESSES) by October 15, 1999.
